User Stories for Team D

1. As a user, I want to pick out my outfit fast in the morning so that I can sleep in later.
2. As a user, I want to search for my clothing items through the app so that I can quickly decide on an outfit without being in front of my closet.
3. As a user, I want to be able to know the type of jacket I may need for different types of precipitation so that I would be able to grab a winter jacket if it's snowing or just a rain jacket for the rain.
4. As a user, I want to be given another outfit option quickly so that if I don't feel comfortable in the first outfit choice I can go back and the app creates me a new one.
5. As a user, I want to change the location of where I am easily so that if I am traveling the app will still be useful.
6. As a user, I want to be able to inventory my closet through the app so I can stay updated on the clothes I own, even if they are not visible in my physical closet.
7. As a user, I want to be able to pick out an outfit that matches the weather so I am not sweating or cold in the later parts of the day (including layering).
8. As a user, I want choices in outfits based on how masculine or feminine I am feeling that day.
9. As a user, I want to see 3-4 outfit suggestions for different moods or styles when I open the app in the morning so that I can quickly choose my look for the day.
10. As a user, I want to see previous outfits I have worn so I can go back and access ones I like.
11. As a user, I want to categorize outfits by emotions so I can easily find something that matches my mood for the day.
12. As a user, I want to see what other people are wearing to events so I can plan my outfits accordingly.
13. As a user, I want to organize my outfits by occasion so that I can easily select outfits for formal events, work, or casual events.
14. As a user, I want to track which outfits make me feel most confident or comfortable to help me build a wardrobe that benefits my mental health.

15. As a user, I want to receive outfit suggestions based on what I have previously worn so I can plan my looks in advance.

16. As a user, I want to be able to see all of my wardrobe pieces so that I don't accidentally purchase duplicate items

17. As a user, I want the website to have an intuitive layout so that it's easy to navigate

18. As a user, I want to connect with people locally so that we can arrange clothing swaps

19. As a user, I want the website to encourage me to compliment my friends' outfits within the website so that I can spread positivity in our online interactions.

20. As a user, I want to be able to see what my friends are wearing for certain events so that I can get inspiration or gauge the dress code.
